

16th Annual RETS/REMP Workshop
 Foxwoods Resort Casino, Mashantucket, CT

Sunday, June 25, 2006 6:00 - 8:00 PM – Pre-Registration / Social

(Tahoe Room – Mazzine Level – Pick Restaurant Level in Grand Pequot Tower Hotel elevator)

Monday, June 26, 2006 morning sessions

0730-0830: Registration and Continental Breakfast (Acapulco Room – Restaurant level in hotel elevator)	
0830-1000: Session 1 (Acapulco Room) Session Chair: John Doroski	
Welcome Workshop Details	John Doroski, Dominion Nuclear Connecticut - Millstone
Welcome Opening Remarks	Bob Griffin, Director Dominion Nuclear Connecticut - Millstone
Regulatory Insights	Steve Klementowicz USNRC, NRR
ANI Update - Effluent Releases	William Wendland, American Nuclear Insurers
1000-1030: Refreshment / Coffee Break	
1030-1200: Session 2 (Acapulco Room) Session Chair: Greg Barley	
Update on Yankee Rowe Groundwater Contamination Investigation	Dave Scott, Radiation Safety & Control Services, Inc.
Indian Point Groundwater Contamination Experience	Steve Sandike, Entergy - Indian Point
Implications of Tritium Dose Conversion Factors in Deriving Regulatory Limits for Drinking Water and Effluent Compliance	Ken Sejkora, Entergy - Pilgrim
1200-1300: Lunch (Monte Carlo Room)	

Monday, June 26, 2006 afternoon sessions

1300-1430: Session 3 (Acapulco Room) Session Chair: Steve Sandike	
Atmospheric Sources of Tritium and Potential Implications to Surface and Groundwater Monitoring Efforts	Ken Sejkora, Entergy - Pilgrim
Investigation of Tritium in Groundwater at the Pickering Nuclear Generating Station	Ed McGurk, Pickering
Investigation of Tritium in Groundwater at the Pickering Nuclear Generating Station (continued)	Ed McGurk, Pickering
1430-1500: Refreshment / Coffee Break	
1500-1630: Session 4 (Acapulco Room) Session Chair: Greg D'Auria	
Overview of the EPRI Groundwater Assessment Program	Eric Darois, Radiation Safety & Control Services, Inc.
A Study on the Tritium Distribution Characteristics Around the Yonggwang Nuclear Power Plant	Hee Geun Kim Korea Electric Power Research Institute
The Potential Importance of HTD Nuclides	John Doroski, Dominion - Millstone
1800	

16th Annual RETS/REMP Workshop
 Foxwoods Resort Casino, Mashantucket, CT

Tuesday, June 27, 2006 morning sessions

0730-0830: Continental Breakfast (Acapulco Room)	
0830-1000: Session 5 (Acapulco Room) Session Chair: Rich Conatser	
Hard to Detect Nuclides, An Analytical Approach	Bob Wills, GEL
The Changing Faces in Effluent & Environmental Monitoring	Doug Wahl, Excelon – Limerick
ALARA for Radioactive Effluents: Regulatory History and Application, and Future Direction	Stewart Bland Chesapeake Nuclear Services, Inc.
1000-1030: Refreshment / Coffee Break	
1030-1200: Session 6 (Acapulco Room) Session Chair: Jim Key	
Silica Gel Airborne Effluent Tritium Measurements	Dave Bernard, Eberline Services – Lionville Laboratory
STP – Different Meanings for Different People	Frank Gavila, F & J Specialty Products
REMP Ramblings	Jim Key, Key Solutions, Inc.
1200-1300: Lunch (Monte Carlo Room)	

16th Annual RETS/REMP Workshop
 Foxwoods Resort Casino, Mashantucket, CT

Tuesday, June 27, 2006 afternoon sessions

1300-1430: Session 7 (Acapulco Room) Session Chair: Ken Sejkora	
Jason Jang Award Presentation	Ken Sejkora, Chairman, RETS-REMP Steering Committee
Meet the Regulators Panel Discussion	
Meet the Regulators Panel Discussion	(continued)
North American Technical Center Public Radiation Safety Research Program REMP Study	Jason Harris, NATC
1430-1500: Refreshment / Coffee Break	
1500-1630: Session 8 (Acapulco Room) Session Chair: Doug Wahl	
Advantages/Disadvantages of Different Types of Air Flow Monitoring Equipment	Frank Gavila, F & J Specialty Products
Modeling Atmospheric Releases of Molecular Tritium	Jim Key, Key Solutions, Inc.
Determining Meteorological Information at Nuclear Facilities	Brad Harvey, NRC
1800-2000:	

16th Annual RETS/REMP Workshop
 Foxwoods Resort Casino, Mashantucket, CT

Wednesday, June 28, 2006 morning sessions

0730-0830: Continental Breakfast (Acapulco Room)	
0830-1000: Session 9 (Acapulco Room) Session Chair: Bill Eakin	
Robinson Dry Fuel Storage Direct Dose Experience	Ray Crandall, Robinson Nuclear Plant
Operational Experiences and Occupational Dose of the Radioactivity Release Event at Yonggwang Nuclear Power Plants	Hee Geun Kim Korea Electric Power Research Institute
Fe-55 and Te-125m in Liquid Radwaste at Calvert Cliffs	Richard Conatser, Constellation – Calvert Cliffs
1000-1030: Refreshment / Coffee Break	
1030-1200: Session 10 (Acapulco Room) Session Chair: John Doroski	
Implications of a Terrorist Attack at a Spent Fuel Pool	Derek Favret, Vanderbilt University
An Evaluation of DOECAP Audit Findings at Contract Radiochemistry Laboratories: Balancing Requirements with Quality	Bob Shannon, Kaiser Analytical Management Services
NIST/Industry Inter-comparison Program	Felix Killar, NIST
Closing	Alan Price, Senior Vice President Dominion Nuclear Connecticut - Millstone
1200: RETS/REMP Meeting Adjourns, <i>Thanks for Attending!</i>
