

APPLICATION FOR NUCLEAR ENERGY LIABILITY FOREIGN COVERAGE POLICY
SUPPLIER'S AND TRANSPORTER'S POLICY FORM
(Use Additional Sheets Where Required)

TO: 95 Glastonbury Boulevard, Glastonbury, Connecticut 06033
ATTENTION: Underwriting Department

- 1. Name of Applicant
2. Address
3. Conventional Foreign Insurance Carrier(s) Auto
General Liability (Primary)
General Liability (Umbrella)

4. With respect to the sale abroad* of goods, products or services, please provide the following information:

(a) Total annual foreign (gross) sales recorded in each of the last three fiscal years.

Table with 2 columns: Year, Gross Foreign Sales. Rows: Most Recent Full Fiscal Year, Second Preceding Full Fiscal Year, Third Preceding Full Fiscal Year.

(b) Describe the principal products or goods sold which may reasonably be expected to be used abroad* as component parts of, or at, any nuclear facility (i.e., nuclear reactor, nuclear fuel fabrication or reprocessing plant, nuclear waste storage or burial site etc.)

Three horizontal lines for text entry.

(c) Describe the professional services (other than products or goods) sold which may reasonably be expected to be furnished in connection with the planning, construction, maintenance, operation or use of any nuclear facility located abroad* or any component part thereof.

Three horizontal lines for text entry.

* Not Including Canada

(d) Total gross foreign nuclear sales** for all goods, products or services described in (b) and (c) above recorded in each of the last three fiscal years and projected for the current fiscal year. (Reasonable estimates are acceptable where actual figures are not available.)

<u>Year</u>	<u>Foreign Nuclear Sales</u>
Current Fiscal Year	\$
First Preceding Full Fiscal Year	\$
Second Preceding Full Fiscal Year	\$
Third Preceding Full Fiscal Year	\$

** The dollar figures indicated should include sales of products or goods which may not be specifically designed for nuclear application but which may reasonably be expected to be used by the nuclear industry.

(e) If nuclear reactors were included in the products or goods described in (b) above, please provide the following information:

- (i) Date of Reactor Sale _____
- (ii) Type of Reactor (including MWT) _____
- (iii) Have Fuel Reloads Been Provided _____ Sales Volume \$ _____
- (iv) Have Backfitting Services Been Provided _____ Sales Volume \$ _____

5. List the types of nuclear facilities to which the products or services described in 4(b) and (c) above are sold.

6. List the principal foreign countries* in which the products, goods or services described in 4(b), (c) and where applicable (e) are sold and the percentage of gross foreign nuclear sales indicated in 4(d) applicable to each:

<u>Country</u>	<u>% of Gross Foreign Nuclear Sales</u>
_____	_____ %
_____	_____ %
_____	_____ %
_____	_____ %
_____	_____ %

7. Transportation:

(a) Has the applicant either shipped nuclear material to or received same from any foreign location in the last three years? If so, please provide details including the year(s) involved, the points of origin and arrival, and the types, quantities and physical form of the materials transported.

* Not Including Canada

7. (cont.)

- (b) Does the applicant anticipate shipping (or receiving) nuclear materials to (or from) any foreign location during this year or next year? If so, please provide details similar to those described in (a) above.

- (c) Was nuclear energy liability insurance carried on any of the shipments described in (a) above and if so, what market(s) were utilized?

8. List subsidiaries (both domestic and foreign) in which the applicant has a majority interest and which are in any way involved in nuclear activity. (This list should include the principal business activity, products and services of each.)

9. Has the applicant been specifically named as an additional named insured under any foreign nuclear pool policy and if so which?

10. If the applicant currently has conventional foreign liability insurance coverage(s) please provide a copy of the nuclear exclusion(s) which apply thereunder. (See Item 15(b))

11. Does the applicant own, either in whole or in part, operate or participate in the operation of any foreign nuclear facility? If so, please provide details.

12. Limits of Liability desired (Combined Single Limit): _____

13. Date coverage desired: _____

14. AUTHORIZATIONS:

- (a) The following broker is authorized to act as Broker of Record on our behalf in negotiation and placement of Foreign Nuclear Energy Liability Insurance:

Name of Broker _____

Address _____

- (b) The applicant authorizes the representatives of American Nuclear Insurers to inspect the operations and installations to be insured and to confer with the Nuclear Regulatory Commission and any other appropriate regulatory authority whether foreign or domestic concerning such operations and installations.

15. Attachments to be included with the application:

- (a) a copy of the applicant's annual report or audited financial statements, and
- (b) a copy of the Nuclear Energy Liability Exclusion or equivalent appearing in any liability policy which provides coverage for the applicant's foreign exposures.

(Signature of Officer of Applicant)

(Name and Title - Print or Type)

(Telephone)

(Date)

NOTE: Exclusion (h)(4) of the policy provides that the policy does not apply to bodily injury or property damage arising out of any radioactive isotope.
